

## 4-H, 4 ME, 4 YOU, 4 FUN, 4 LIFE!

4-H is for me because it's like a year round sport; it never ends. It has helped develop me into a better person, and is still developing me. It's for me because there are so many opportunities to try and do new things. It's for me because I can make new friends and meet new people. The last reason it's for me is because it can also be a family thing where you can bond with your family. These are some of my many reasons why 4-H is for me.

4-H might be for you because it's a way for you to do the projects and serve the community. In our club you can help with the annual Butts 4 Mutts Barbeque. 4-H could be for you because you can learn new and fun stuff that's not like boring school. 4-H could be for you because you get to go to the 4-H day camp even if you aren't in 4-H. These are the reasons why 4-H could be for you.

4-H is fun because of all the projects you can do and because of the many events and places 4-H can take you. 4-H is fun because of the skits that you show at Share the Fun. They are fun to create and see the finished project. The last reason 4-H is fun is because of Sharen Hunt. The Extension Council and her make all the events up and then vote on the best ones. That is why 4-H events are so fun.

4-H is for life because of all the many values it instills in you. When I take out my book of ribbons from the first year in 4-H, I say "wow" because I can't remember how I got all those blue ribbons. These are the reasons that 4-H is for life, and why it's for me, for you, and for fun.
