

The Great 4-H

When you read this report you will learn all about 4-H and how fun it is.

On your first day you might be scared but you will have a great time whatever your doing. During the first meeting you get to pick three subjects for the year. After you have been in 4-H for a few years you can pick more than 3 subjects for the year. You get to elect a leader and a treasurer for your group. You will probably make friends in the first month. It's easy, challenging, and lots of fun in 4-H. You work hard and have a great time. There are monthly meetings and you will have a blast! When it's close to fair you get stuff ready for fair. At the fair you get judged and you might win a 1st place prize .

I'm sure you'll have a blast.
