

*The Collegiate 4-H Organization has recently published their new website: <http://www.collegiate4h.org> Collegiate 4-H offers college students an experience after high school of volunteering with 4-H youth, serving their communities, and growing as a young 4-H volunteer leader. Collegiate 4-H is a nationwide program that can be implemented at any college campus. Our website helps in providing resources in starting or finding a Collegiate 4-H club at any school (in any state!) and providing ideas for providing leadership to county, local, and state 4-H programs.*
