**FILMFEST 2014**
This event connects young filmmaking enthusiasts with film industry professionals and with other youth who share those same interests. Festivalgoers are free to make arrangements for travel, lodging, and meals that best fit their needs. Your $129 All Access Pass is your ticket to the event and includes film screenings, field trips, festivities, meetings, exciting workshops with film industry professionals, and other opportunities. Now is the time to get started! Film submission forms are online, and films will be accepted through July 1, 2014. As with last year, there is a 10-minute time limit on films, so that we can screen as many as possible in the most interesting ways. We continue to urge filmmakers to avoid scenes that involve youth pointing guns at each other! This will help us give your films the widest possible exposure through 4-H channels, without creating unnecessary complications. This year’s film categories are:

- Narrative
- Animation
- Documentary
- 4-H Promotional
- Voices of 4-H History

If you have any questions about FilmFest 4-H, please email filmfest4h@missouri.edu.

4-H MOVE ACROSS MISSOURI
4-H Move Across Missouri (MOVE) promotes physical activity by encouraging youths and families to engage in physical activities they enjoy such as walking, biking, running, swimming, dance, taekwondo, gardening and more.

Using an online system, youths and their families can “log” the number of minutes they accumulate throughout the year. Sign up as an individual or as part of a team. MOVE awards will be provided. Sign up on the 4-H website at http://www.4h.missouri.edu/programs/move/
Clover Kids can create every letter in the alphabet using their bodies. While participants wiggle, squirm and problem solve they are also getting good exercise, enhancing flexibility, agility, strength and awareness of their bodies.

**Stir the Soup**
Each participant finds a partner to do this stretching activity. Both partners sit on the floor, face to face, with their feet touching in a wide straddle. They reach out and grab each other's wrists and move side to side and forward and back. Remind youth to keep their knees straight!
Partners can make circles - small ones and then larger ones as muscles loosen.

**Balloon Soccer**
Material needed is a 10-inch round balloon. This activity can be played outdoors or indoors in a wide, open room.
Youth stand in a circle, shoulder to shoulder, holding hands. Youth kick the balloon around the circle passing to each player. After the balloon has been kicked around the circle, ask participants to take a giant step back and kick the balloon around again (hands may need to be dropped). Keep playing until there is no more space! Encourage youth to try kicking with the other leg in the opposite direction or pass the balloon by bouncing it off their heads.
