Dear Master Gardener:

Next meeting: Tuesday August 2, 6:30pm

The next scheduled meeting will be at the Extension Office. The program will include a discussion on Plants of Merit with a round table discussion of the problems that we are facing in our gardens this year. Other topics ... bulb exchange in September. What ideas do you have?

Poplar Bluff Beautification Project: The bed at Burger King is growing and looking good. Thank you to the members that have signed up for and have watered the bed. The sign up list is still available at the Extension office. We continue to need others to sign up. Thank you ahead of time.

Sierra Osage Girls--- I hope that you had a chance to see the plants that the girls entered in the Fair. The girls did a great job this year. Thanks to those who help plant the pots and helped to encourage the girls. The reward is great.

Advanced Master Gardener Training-- will be announced at the next meeting.

Butler County Fair --- The fair was great despite the "hot weather." We will discuss the fair in more detail at the next meeting. Thank you to all our volunteers ... can't say that enough!

Recycle & repurpose question— what ideas do you have?

What is a natural bug zapper?? Do you have one?? Well the answer to this is Toads and Birds, so do you have an environment where they can thrive?

What is blooming in your garden? Bring a bouquet...

President, Barb Gray
