

Making the Best Better

DATE: April 4, 2009
TO: Potential 4-H Camp Counselor
FROM: Pam Heimericks - 4-H Youth Program Associate
RE: 4-H Camp 2009 & Counselor Training

You are receiving this letter because you have either been a Camp Counselor in the past, have expressed an interest in serving as a Camp Counselor or are of at least 14 years of age which would make you eligible to be a camp counselor.

Counselor camp will be from Friday evening May 29 through Saturday May 30. The cost for this camp will be \$35. If you are selected to return, as a counselor, to our County Camp (June 15-18), the Callaway County 4-H Council will pay that camp fee. In addition to Counselor Camp there will be a training/planning session for all the Camp Counselor from Audrain, Callaway, Crawford, Dent, and Phelps Counties on Monday, April 13– 5:30 to 8:30 pm - at the Cole County Extension Center. Attendance at both events is expected, especially for first time counselors.

Our camp theme this year is “Keeping it Green”; activities will explore the environment and various 4-H projects. Come especially prepared with ideas for theme nights and evening rec. activities to help develop this theme.

Please return your Camp Counselor Application to the Callaway County Extension Office by April 9, 2009; this will allow us time to send contact information to attendees so you can plan to carpool to the April 13 training.

Sorry for the short notice, so if you will just email me or call me to let me know if you do want to attend. You may bring the forms with you to the Cole County meeting. We will be carpooling from the Callaway County Extension Office and I will have room for anyone who needs a ride.
