WHY GET CHECKING?

GET CHECKING is designed for people who do not have an account with a financial institution or who want to learn more about their current account.

Maybe you have never had an account and don't know how to start. Maybe you have had problems with an account in the past that are making it difficult to open an account now. Or, maybe you want more information about managing your current account.

GET CHECKING offers you the opportunity to open an account with a participating financial institution even if you have had problems in the past.

Having an account is:

- ◆ Safe, insured and convenient
- ◆ Less expensive than paying for check cashing and other services
- ◆ A way to access other financial services, like loans and credit cards

WHAT YOU WILL LEARN

- ◆ How to choose an account that is right for you, including:
 - Low cost checking options
 - How to avoid costly fees
- ◆ What you need to know to keep your checking account in balance
- ◆ How your account relationship can help you establish credit and access other services

WILL I BE ABLE TO OPEN AN ACCOUNT AFTER THE CLASS?

After completing the **GET CHECKING** class, you will receive a certificate. To open an account, take proper identification and your certificate to a participating financial institution. **If you have outstanding fees from a prior account, you must settle that account before opening a new one.** If Chex-Systems reports suspicion of fraud on a prior account, a certificate will not be issued and financial institutions are not required to open an account.
