

Epsilon Sigma Phi- Alpha Tau Chapter
2006 Annual Meeting
Life Member Committee Report

Life Members participated in Spring and Fall regional meetings throughout the state. Programs included Civil War history, reminisces of a major league baseball scout, globalization, University involvement in economic development and many more. Over 400 participated in these meetings.

Life Members contributed to the Loan and Fellowship Fund in honor of Dr. Tom Henderson's retirement. Income generated by this permanent University endowment continues to support learning opportunities for active staff.

ESP hosted a day of outdoor activities open to all, active staff and retirees, Friday, September 15 in Columbia. About fifty, including many retirees, participated in the annual Hugh Keith Memorial Golf Outing and running, walking or biking events followed by a picnic. A Fall 2007 event is anticipated.
