Use of SMNED in Food Power

- Use **only** SMNED displays that align with Food Power topics
  - Drink to your Health
  - Facts on Fat
  - Food Label
  - Healthy Snacking
  - Supersizing of America
  - MyActivity Pyramid for Kids
  - Phytonutrients
- Recommend no more than 2 displays be showcased during Food Power exhibit.
- Ideally, have an NPA man the display. This is also a good opportunity to answer questions or market our other programs if we don’t have an FNEP presence in the school.
- Do not duplicate displays—displays used in Food Power cannot be used at another time during the same school year.
