One purpose of the 4-H/FFA animal projects is to teach young people how to feed, fit and show their animals. The more important purpose is to provide an opportunity for personal growth and development of the young person. This statement has been used for years to justify the livestock projects.

1 **Trustworthiness** includes honesty, promise keeping, and loyalty. Feeds and waters the animals daily (promise keeping). Adheres to possession deadlines (honesty). Adheres to withdrawal time on drugs and de-wormers. Uses only approved drugs.

2 **Respect** includes courtesy and proper treatment of people and things. Handles and treats animals humanely. Cares for animals properly. Listens to and follows advice of advisors.

3 **Responsibility** includes the pursuit of excellence, accountability and perseverance. Feeds and waters the animal daily (even on busy, difficult days). Goes beyond providing the daily needs of the animal in giving additional time and attention to produce a winner. Adheres to deadlines for entry form and for arrival for livestock shows. Never give up in the showing (perseverance).

4 **Fairness involves** consistently applying rules and Standards appropriate for different age groups and ability levels. Feeds only approved livestock rations. Uses only approved drugs. Accepts winning or losing with grace. Follows recommended procedure in the showing. Follows recommended procedures for fitting and grooming an animal.

5 **Caring** promotes the well-being of people and things in a young person’s world. It denotes action and not just feeling. Feeds and waters animal daily. Provides clean barn/stall for animal. Treats animal humanly at all times.

6 **Citizenship** includes making the home, community and country a better place to live for themselves and others. Accepting instruction. Winning and losing with grace. Helping others at stock shows. Teaching younger members. Treating animals humanly. Ensuring that meat is safe for consumption.
