Guide lines for MU Extension Curriculum

With support from the Missouri Foundation for Health, University of Missouri Extension’s Health Insurance Education Initiative (HIEI) team has created a comprehensive curriculum called Health Insurance Education: What the Affordable Care Act means for businesses.

Contents of the Curriculum
The curriculum contains:
• An overview of the Affordable Care Act (ACA).
• Information about what the ACA means to employees and the self-employed.
• Instructions for calculating employer size.
• Rules for small employers (those with fewer than 50 employees).
• Rules for large employers (those with 50 or more employees).
• Information about reporting requirements.

The curriculum is designed so that you can pick and choose slides based on the needs of a particular audience.

Guidelines for Curriculum Use
We require that you follow the guidelines below when using our copyrighted curriculum. This is based on advice from the University of Missouri legal team:

• Please do not share this curriculum directly with others. Please refer anyone who would like a copy to http://extension.missouri.edu/cb25. When the purchase the curriculum, we can track usage and ensure that they receive updates.

• You may combine or hide the slides to create a presentation that works for your group or audiences; however, we ask that you not change the content on the slides or notes (e.g., do not add bullets, text or copy and paste slides or information into other presentations). If you would like to add a slide to identify your agency and presenter, please do so by placing the slide without Cover Missouri and Extension logos as the FIRST slide in the presentation (before the title slide). This curriculum may not be altered or reproduced in any way (other than the presentation mode) without the written permission of the HIEI team.

• The curriculum is accurate and current to the best of our knowledge, but we realize that continuing updates will be necessary. When you purchase the curriculum, you will receive links to updated versions until the next Dec. 31. After that, an annual update fee will apply if you want to purchase the updated curriculum for the next enrollment period. We ask that you always use the most updated information we provide.

By downloading the curriculum through the link we provide, you are agreeing to follow our guidelines for curriculum use. To request the download link, please contact: Brenda Procter at procterb@missouri.edu or Graham McCaulley at mccaulleyg@missouri.edu.

MU Extension has provided this information to help Missouri residents make informed health insurance decisions by understanding options and responsibilities outlined in the Affordable Care Act. MU Extension provides factual information on public policies such as the ACA.
