Light Refreshments.....8:30

Mr. Harper, Japanese Beetle..9:30

Break.....10:55

Mr. Kilmer, Managing.....11:05

Dismiss.....12:00

Travis Harper is a regional agronomy specialist with the University of Missouri Extension. His primary responsibilities are to conduct research, demonstrations, and educational programming in the areas of row crop and forage production. Travis also works with Master Gardener groups in Benton, Cass, Henry, and Johnson counties.

Norman Kilmer is the founder, owner, and general manager of Morgan County Seeds LLC since 1995. Mr. Kilmer is known across the state as the one to call for issues covering hoop houses, irrigation, soil nutrition and insecticides. His knowledge of irrigation and high tunnels takes him across the state as he focuses on human food production.
