

The Management Intensive Grazing Schools are designed to teach producers, educators and agency staff the basics of management intensive grazing with a hands-on approach.

This two-day intensive workshop provides opportunities for in-depth discussions, field exercises, and reference materials that cover both livestock and agronomic topics related to grazing.

All are welcome! Take time to attend. You'll be glad you did!

REGISTRATION INFORMATION

Cost of the two-day regional grazing school is \$110.00 for the first person and \$75.00 for the second person per farm/firm. A \$30.00 advance deposit will be required by **May 5, 2017** to reserve participation. The balance will be paid the first day of class. Registration will be open to the first 50 individuals.

The fee includes the cost of the meal on Friday evening, and lunch & refreshments on Saturday. The course also includes materials on grazing management specific to the Midwest.

If you need special accommodations because of a disability, or if you need materials in an alternative format, please inform me immediately. Contact Zac Erwin at 660-665-9866 or Karisha Devlin at 660-397-2179.
