## 2019 Laclede County Fair 4-H Exhibit Schedule and Regulations

### **4-H Conference Judging:**

The Mills Center will be open for conference judging on Tuesday, July 2, 2019, from 5:00 - 7:00 pm for all 4-H project exhibits except animals and country cured hams. Each member will review and talk about their project one-on-one with a judge familiar with that project area. Members should prepare by considering the strong and weak points of their project and what they have learned in the process. 4-H members must be present and go through conference judging with each exhibit to qualify for ribbons and premiums. Exhibits cannot be “dropped off”. Judges will award ribbons and each exhibit will be tagged and collected as soon as the conference judging is completed.

Champions will be selected by a judging panel after all exhibits have been evaluated. 4-H members will not need to be present for this portion of the judging.

### **Check-Out:**

All entries must be picked up between 9:00 am – 12:00 pm on Friday, July 12th. Stubs will be needed when picking up items. The Laclede County Fair will not be responsible for articles left. No exhibit will be released at any other time. All prize money will be available at item pick up. It is policy; money will be forfeited if not picked up that day.

### **BEST OF SHOW: FRIDAY 10:00 A.M. FOR PICTURES**

### **Regulations:**

The exhibitor and the public are prohibited from touching or handling exhibits in any manner or from helping remove exhibits on checkout day. The Laclede County Fair is not responsible for any articles not found.

Prize Money will be paid to the number of places indicated for each class, if quality merits.

ALL ENTRIES: Must be produced since last year’s fair and no duplicating entries in different categories.

**If you did not grow it or make it don't SHOW IT!**

## 4-H FAIR GUIDELINES

Missouri 4-H Youth Programs are under the direction of University of Missouri Extension and Lincoln University. "Learning by Doing" is the basis of 4-H work, and each year thousands of young Missourians between the ages of 8 and 19 do just that. 4-H members make the items displayed in the Family Exhibits Center or raise and train animals on display in the animal shows. The Fair provides a showcase for the skills and knowledge that 4-H members have gained through their 4-H experiences. Clover Kids ages 5-7 may also exhibit up to three items in the Family Exhibit Center and receive a green participation ribbon.

Besides developing practical skills and knowledge, 4-H members are developing "life skills." Under the leadership of caring adult volunteers, 4-H members learn to make sound decisions, work cooperatively in groups and develop a sense of self-worth and accomplishment. 4-H also fosters leadership, as older youth share their talents with younger 4-H members.

### EXHIBIT LIST AND GUIDELINES

1. Items made by 4-H members should reflect the skills they have learned in their 4-H project, the needs and interests of the 4-H'er, and quality workmanship. Use the 4-H project literature and the "Clover" for exhibit ideas and criteria.
2. Exhibits are displayed at the risk of the individual 4-H member. The 4-H staff and Laclede County Fair Board are not responsible for loss or damage to items.
3. **4-H members may exhibit only in projects in which they are enrolled in the current 4-H year.** Items exhibited must be made in the current year and must be the work of the 4-H member submitting the exhibit.
4. **A member is limited to two exhibits per project.** Exhibitors may not duplicate entries in any category. (Such as enter chocolate chip cookies in 4-H Division and enter chocolate chip cookies in Youth Division.)
5. Where the exhibit list states, "any item made," the 4-H member may display any item made in that project. This includes notebooks, file cards, photo displays, posters, or educational displays. Regardless of project, the following dimensions must be used. Items which do not comply with size or other specifications will not receive a premium or ribbon. When the exhibit complies with these specifications, it will also meet requirements for the Ozark Empire Fair and State Fair - if project is selected to advance.
6. The following items will be displayed in special areas that allow fair goers to touch and examine the items. 4-H'ers name and address should be permanently affixed to item.
  - \***Notebooks** use a three-ring binder with region, county and youth name on spine.  
(i.e. West Central, Laclede, Joe Smith)
  - \***Posters** (flat only; do not fasten items to the poster.) – name and address on back. See additional poster information in Rule # 7
  - \***File card systems** These items will be accepted from any project. Youth who show notebooks, posters, or file card systems should understand that their exhibits will be handled.
7. Because of display space, available cases and number of exhibits in certain projects, dimension criteria are specified. Items, which do not comply with size or other specifications, will not be displayed or receive a ribbon. **There should be no posters, pictures, notebooks or patterns attached to projects. Scrapbooks made in projects other than class 315 will be displayed with other exhibits.**

\***Poster** – No larger than 14" x 22"; flat only; do not fasten items to the poster.

**\*Educational Display** –Educational displays should not exceed 18 inches in height, 6 inches in depth and 12 inches in width. Must include three-dimensional items and stand-alone. **(Posters with items taped to them do not qualify as an educational display. Science fair display boards are too large.)**

**Entomology or geology display boxes** - Box must be no more than 18" long x 24" wide and 3 1/2" deep to fit in display racks. Plexiglas or plastic covers are preferred. Boxes will be displayed upright in racks.

**Working Models** - These exhibits should show how things actually work (cutaway-sections of motors or computers) or can be used to help people identify parts such as parts of a motor or computer. Many times these exhibits are considered “hands-on” and can be handled by visitors. Working models should require floor space no larger than 14” x 22”x 30”.

8. Photographs of items too large or fragile: This is restricted only to large items such as welding projects or large woodworking items like furniture; fragile items such as a substitute category for brining or mailing a project. All pictures of projects should not exceed 4 x 6 inch, should not have multiple pictures. Counties should send pictures individually, rather than making a poster board of all the pictures. Indicated on the back of photo that project is too large or fragile to come and describe project item. These photographs will not be returned if they go to the state fair.
9. Fire Hazard Prevention. Any exhibits using batteries, such as circuit boards or robots should not connect the wires to the battery; rather the wires should be taped behind the battery. Another option: attach a battery, but indicate “battery goes here”.
10. Shooting Sports exhibits should contain no live ammunition and arrow points should be removed.
11. Perishable items such as food, vegetables, crops and home grounds items will not be returned after the Fair. Edible vegetables will be donated to a charitable organization these items are displayed in group settings not as individual projects.
12. Any exhibits using batteries such as circuit boards or robots should not connect the wires to the battery rather the wires should be taped behind the battery. Another option is to not attach a battery but indicate “battery goes here.” This is to prevent potential fire hazards.
13. All Building exhibits must be checked in and out of the Building during established times. No early removal or checkout of exhibits is permitted. Exhibits that are not properly checked in or out of the Building will not be awarded premium money and/or ribbons.
14. Items too large for display in the Building will not be accepted for display. Determination of items to be showcased will be left to the discretion of the Building Superintendent.
15. All items must have a fair tag securely fastened in a place visible to fairgoers. Two identification labels should be securely attached, sewn or safety pinned to each item, 1 on the outside/front of the item and a second one behind, underneath or inside (e.g., textile items such as clothing or knitted items). Multiple piece exhibits should be fully labeled and connected (Examples: jacket and skirt; rocket and rocket launcher). Ideally, each item is also numbered to prevent sets from being separated. Example: Each item in a 3 piece exhibit (e.g., "Clothing you buy" outfit) would be labeled, 1 of 3, 2 of 3, 3 of 3. Perishable items such as food, vegetable and crops should have exhibit tags in an envelope.

**REMEMBER: ALL EXHIBITS, REGARDLESS OF PROJECT, MUST COMPLY WITH THE SIZE AND DIMENSION GUIDELINES IN RULE 7 4-H ITEM LIST AND GUIDELINES**

**PHOTOGRAPHY**

**Photo Display Requirements**

Photos must be mounted on an 8"x 10" solid mat board.

The mat board can be, in a color of the photographer's choice.

Photographs must be 8"x 10" or smaller, with no more than four photos per mat board.

**PLEASE NOTE:**

"Solid" requires that there are no cutouts or other holes in the mat board, either around or behind the photo.

Mount photos on the smoothest side of the mat board.

"Mat board" is a specific material, intended to keep the photo from getting bent or destroyed. It is not cardboard, foam core, poster board, etc. If local sources are not available, 8" x 10" mat board and clear photography exhibit bags may be ordered from University of Missouri Extension Publications at <http://extension.missouri.edu/explore/shop> after May 1<sup>st</sup>. Select 4-H members, project literature, and then photography.

If you're uncertain whether it's mat board, do the "wave it and squeeze it" test: Mat board is not squishy or flimsy. If it isn't light, then, stiff, and solid, the material is not mat board. Mounting material meeting this test will be given the benefit of the doubt.

**-Single window mats ("frames" made of mat board and sized 8" x 10") are acceptable but not required.**

**DIGITAL CONSIDERATIONS AT THE STATE FAIR 4-H BUILDING**

*Techniques that can be performed in –camera, in a photo editing software program, or in a film darkroom are permissible. At State Fair, the line is drawn between "enhancing" and "altering" a photo:*

*Altering (editing to change the contents of a photo) is not permitted for State Fair exhibits.*

Examples include adding a sunset or object, removing someone from the shot, airbrushing to cover a bad complexion, etc.

*Enhancing (editing to enhance the existing qualities of a photo) is permitted.*

Examples include cropping, dodging, burning, brightness/contrast adjustments and red eye reduction.

**SENDING STATE 4-H PHOTO EXHIBITS TO STATE FAIR**

Photo exhibits should arrive in a bag that fits the photo, to protect it from dust, humidity, and handling. The bag should not be oversized and folded, as this makes it difficult to display on the rack. Photo bags may be ordered in bulk after May 1, from Extension Publications at <http://extension.missouri.edu/explore/shop/>.

Select 4-H members, project literature, and then photography.

Include name, address and county on the back of each photo. State Fair 4-H photography exhibit guidelines are available online, at <http://4h.missouri.edu/go/events/statefair/>.

(No more than seven (7) photos per county total to state fair)
