Thank you for your support!
The Madison County Fair is a unique opportunity for residents to celebrate agriculture, animal husbandry, folk art and have fun! In addition to the carnival, we try to offer as many free activities and games as possible for young Fair-goers. If your company or organization would like to sponsor and organize a small event or craft on Saturday, October 3rd to add to the fun and get your name out to local residents, we encourage you to participate! We ask that you provide sufficient volunteers for sign-up and to run the event, and some small prizes for competitions or materials for participants to use. Please number your 1st, 2nd, and 3rd choice of event or add one of your own!
