Galaxy Registration deadline
NC Regional Director

Galaxy Registration

By now, everyone should have seen the Extension News communication notifying you of the upcoming Galaxy Conference. I hope that everyone will be able to attend. Registration must be received by September 29. MAEP will be having the annual banquet from 7:00 to 9:00 p.m. on Oct 10. We have confirmation that Chuck Schwartau will be attending to represent the NC region NACAA. In addition to our typical annual meeting, we will be electing Missouri's representative for the NC regional directors role (see below) and discussing the potential bid for 2011 AM/PIC. I have invited representation from the life members as well. *(Todd Lorenz – MAEP President)*

North Central Regional Director Rotation

As a reminder: It is Missouri's turn to forward an individual for the role of North Central Region Vice-Director. The 4 year term would begin in 2008 in a Vice Director role and convert to Regional Director in 2010. After speaking with Stan Moore (NC Regional Director), I learned that our annual conference would be the opportune time for us to let him know of our selection. The individual candidate should seek letters of support from the local council and Extension administration. The candidate should be willing to prepare a presentation for the MAEP membership at our annual meeting where the membership will be voting for the candidate of their choice. If you have interest, please contact any officer or regional representative if you have more questions on the roles or responsibility of the Regional Directorship.
(Todd Lorenz, President)
