

## SUGGESTED CRITERIA FOR SELECTING YOUR 2018 MISSOURI STATE FAIR FARM FAMILY DAY RECIPIENTS

Each **County Extension Office CPD** and **local County Extension Council** should work with their local **Farm Bureau President** to nominate and put forth the families nominated.

1. Farm families who are actively engaged in agriculture and rely on University of Missouri Extension and the College of Agriculture, Food and Natural Resources for their programming and technical assistance.
2. Active supporters and cooperators with University of Missouri Extension.
3. Active in their community and in leadership roles with organizations such as Farm Bureau, church, school, and other farm organizations.
4. Actively involved or support youth organizations such as 4-H, FFA, and other youth organizations.
5. Respected by their neighbors and community for their leadership and engagement.
6. **The family is interested in attending and agrees to represent their county at the 2018 Missouri State Fair, Monday, August 13, 2018.** (We also suggest choosing an alternate family in case first family can't attend.)

**NOTE:** Due to number of participants involved, logistics, and financial assistance available to support the program, **please choose only one family unit**, and **not** a family corporation or extended families, (*i.e.*, parents of nominees, married children, or children not living in the home), to represent your county. For extenuating circumstances, please contact Tracy Feller.

**All forms and nominations are due no later than May 1, 2018.**

**We strongly encourage following up with your farm family and at least paying the admission for your respective family, and if possible, their mileage to and from the fair.**
