Clover Kids are encouraged to experience a wide range of activities. Learning about and enjoying small animals is one of many opportunities children can have in a Clover Kids program

Marion County will be hosting a special Clover Kids Presentation so they can have a "show and tell" experience at the fair that would be non-competitive and similar to a judging experience at the Fair on Tuesday, July 31, 2018. The small animal show has been especially designed with Clover Kids ages 5 – 7 in mind.

4-H Youth Development programs developed the following list of approved small animals and policies to help ensure that children and volunteers have a safe and meaningful experience with these animals.
