

	<p>Green Lawns / Blue Waters: Have Both... the Smart Way!</p> <p>Did you know homeowners use 10 times more chemicals per acre on lawns than farmers use on crops? 90% of U.S. streams sampled showed pesticide residue. Did any of that come from your yard? Want to save time and money on yard care that's environmentally friendly? Want to have a great lawn plus get answers to your yard-care problems?</p> <p>Attend these workshops in August 2009 at The Centre in Rolla.</p>
<p>Monday, August 17, 2009 6:30 - 8:30 p.m.</p>	<p>"Why Connect Yards to Streams?" Emily Brown, US Government Environmental Scientist</p> <p>"Plants That Won't Stay Put: Invasive Species in Missouri" Lee Hughes, Natural History Biologist/Woodland Specialist, MDC</p>
<p>Monday, August 24, 2009 6:30 - 8:30 p.m.</p>	<p>"Right Plant, Right Place" Jim Duncan, Manager of Custodial/Landscaping Services, Missouri S&T</p> <p>"Healthy Lawn Care & Fall Reseeding/Establishment" Andy Read, Horticultural Specialist, MU Extension</p>
<p>Monday, August 31, 2009 6:30 - 8:30 p.m.</p>	<p>"Is Climate Change Affecting Missouri Gardening?" Pat Guinan, Missouri State Climatologist, MU School of Natural Resources</p> <p>"Native Plants & Rain Gardens" Pat Perry, Master Naturalist & Native Plant Expert</p>
