Where can I find these publications? You can find these guides and more by visiting www.extension.missouri.edu or your county University of Missouri Extension Center.

Also, look for information on perennial and annual flower beds, container gardening, landscape design, fruits & vegetables and trees. You will find publications written by experts in Missouri who have tested plants and practices for their suitability in this part of the country. Use these guides to learn all of the ins and outs of ornamental gardening/landscaping.
