**4-H DEMONSTRATIONS & ILLUSTRATED TALKS GUIDELINES**

You must add the demonstration title to your 4-H Building Entry Form due with Putnam County Fair entries so a time can be set up for your demonstration.

**The demonstration must have been given at Achievement Day to be given at the PC Fair**

A $10.00 Premium is paid on demonstrations given at the Putnam County Fair to all 4-H members. Clover Kids not included. They may give the demonstration but not collect any premium money.

**General Demonstration** - Demonstrations and illustrated talks may be on any topic or project area lasting around 5 minutes.

**Working Demonstrations** - Demonstrations may be on any topic or project. In a working demonstration, the 4-H member works continuously on an item, or shows a particular skill. Members do not give a formal talk while they work, but respond to questions from fair-goers. Members should bring enough material so they can work for about 1/2 hour. A poster giving the topic of the demonstration and the 4-H member’s name should be displayed on the demonstration table as you are doing your demonstration.

**CLOVER KIDS**

Clover Kids is for children ages 5-7. They attend 4-H meetings and learn about 4-H and can make items of any kind to exhibit at the fair, however, they are not judged. They do receive a ribbon of participation for their exhibits at the fair.

481 - Clover Kids Unit I  482 - Clover Kids Unit II  483 - Clover Kids Unit III

**CLOVER KIDS SMALL ANIMAL SHOW POLICY**

Clover kids are encouraged to experience a wide range of activities. Learning about small animals is one of the opportunities children can have. 4-H Youth Development programs developed the following list of approved small animals and policies to help ensure that children and volunteers have safe and meaningful experiences with these animals.

To be eligible for a Putnam County Fair Ticket you must have at least 10 points

1. Articles exhibited must have been constructed by FFA members either as part of their agricultural mechanics instruction in vocational agricultural or as part of their supervised occupational experience programs.

2. An article can be shown only once at the Putnam County Fair, but does not have to be constructed during the year it is exhibited.

3. All articles must be painted or properly treated in the case of feeders, etc. All articles must be clean and in presentable condition even though they may have been used.

4. Each exhibitor is limited to a total of two entries in each class.

5. The points assigned to projects are based upon the amount and difficulty of the work involved, difficulty and cost of moving, and the cost of materials. The points given below are for average projects of the kind listed. The FFA teacher may adjust the points up or down within a range of 50 percent when a project is unusual in size or difficulty, and it appears necessary in order to keep the points in balance.

6. Projects built to be used as one unit should be entered as one entry and not entered separately (example: trailer ramps should not be entered separately from the trailer if the trailer is being exhibited). The FFA teacher will make the final ruling if a question arises.

7. All agricultural mechanics exhibits MUST BE on the fairgrounds by 7:00 PM on Tuesday.

You must be a high school student and have completed one year of Ag Classes to be eligible to show FFA at the Putnam County Fair

FFA Exhibits will be released at 2 PM on Saturday. Premiums will not be paid for exhibits leaving the fairgrounds before the release time

Exhibits remaining on the grounds after 9:30 PM on Saturday will be unattended

10 Principles for Parents of Fair Kids

THOU SHALT be sure that thy child has animals entered and registration papers in order by the designated deadline.

THOU SHALT NOT feed, train and care for the animal, for you are trying to teach the child responsibility and discipline.

THOU SHALT forgive a child for making mistakes in the show ring, for thou hath made mistakes too.

THOU SHALT NOT get mad when thy child forgets items in the show box, for one day thou may forget the show box.

THOU SHALT help the show management, for they are doing a job thou would not want to do.

THOU SHALT NOT complain about the judge, for it is his opinion that has been sought. One persons opinion on that day.

THOU SHALT see that thy child is on time for all show activities, for thou would not want to wait on another.

THOU SHALT teach thy child that winning a Blue Ribbon is a desirable goal, but making friends along the way is a more worthy goal.

THOU SHALT remember that livestock projects are teaching projects, not necessarily money-making projects.

THOU SHALT remember that thy livestock project is a family project that shall be enjoyed by the entire family!
