The deadline for registering is Friday, August 15 at Noon. Materials will be ordered that day. Late charges apply after the deadline.

“We are fortunate to have the course available in our small communities.”

A Master Gardener from Kirksville, Missouri

A minimum of 10 participants is required to hold a class. If this minimum is not met, refunds will be issued.

Master Gardeners is a two component program. If you sign up for training, you are expected to complete both classroom training and the volunteer hours. You WILL NOT become a Master Gardener without completing the 30 volunteer hours.

The mission of the Missouri Master Gardener program is: “Helping Others Learn to Grow.” As part of the outreach efforts of the University of Missouri Extension, Master Gardeners involve people in improving the quality of life, and enhancing the economy and environment through horticultural education, applied research and the resources of the University of Missouri and Lincoln University.

Missouri Master Gardeners are expected to assist with University Extension Horticulture Programming efforts.

You will receive the Master Gardener Core Class Manual. There will be an open book, 50-question final at the end of the course.

To become certified as a Master Gardener you must:

☑️ attend 30 hours of classroom training
☑️ provide 30 hours of volunteer service

Volunteer service can be provided by a wide assortment of activities. This will be covered the first night.

If you need accommodations because of a disability or if you need material in an alternative format, please contact Jennifer Schutter at 660-665-9866.
