4-H is ...
- a community of youth ages 5-18 in rural, urban, and suburban settings worldwide
- youth learning leadership, citizenship and life skills in order to help them become competent, capable, caring and contributing members of society
- empowering youth to reach their full potential while making new friends and great memories
- a volunteer-led organization reaching youth through clubs and classrooms
- choosing from over 40 projects to participate in using hands-on learning experiences to teach

**Our Mission**—Engaging youth as valued, contributing members of their communities in partnership with caring adults.

**Our Goals**—The goal of 4-H is to assist youth in acquiring knowledge, developing life skills, and forming attitudes that will enable them to become self-directed, productive members of society.

**4-H youth excel beyond their peers. 4-H'ers are:**
- **Four times** more likely to make contributions to their communities
  - **Two times** more likely to be civically active
  - **Two times** more likely to make healthier choices
  - **Two times** more likely to participate in Science, Engineering and Computer Technology programs during out-of-school time
  - **Two times** more likely to plan for college
