TURF MANAGEMENT for the Homeowner and Turf Professional

The University of Missouri Extension is a leader in Turfgrass research. Join our state and regional specialists, as they bring this knowledge to the St. Charles area and spotlight the best strategies for keeping lawns lush and beautiful with proper maintenance.

Topics of interest:

- Soil Testing
- Pest and Disease Management
- Cultural Practices
- Fertilization

Presenters:

Dr. Lee Miller
Justin Keay
Debi Kelly

Soil Testing drop-off available as well as plant diagnostics.
