Dear Gardener:

The Perry County Master Gardeners and the Perry County Extension Council are pleased to present the eighteenth annual Gardening Symposium.

Trained Master Gardeners and other trained professionals will present seminars to help you learn more about designing and utilizing raised beds, pollinator plants, season extension techniques, when to spray/pesticide basics, birding in the garden and invasives in the garden. This program will be held on February 13th at the Perryville Higher Education Center in Perryville. (At the Seminary off of “T” Road.)

We look forward to seeing you on February 13.

Sincerely,

Frank Wideman
County Program Director
