

Embryology: Chicks in the Classroom

INCUBATOR AND CLASSROOM RESOURCES FOR HANDS-ON SCIENTIFIC LEARNING

The Embryology program encourages hands-on learning and discussion of issues related to human and chicken development as children take care of eggs that hatch into chicks. The 2-week sessions will begin on **March 10, 2020** or **April 14, 2020**.

CLASSROOM RESOURCES AVAILABLE:

We have a few options for Curricula to enhance your classroom activities:

- *Hatching Classroom Projects* (Grades 2-5)
- *Experiments in Poultry Science* (Grades 6-8)
- and new this year, *Chick Quest* Teacher Guide and Student Log Book.

INCUBATOR RENTAL:

Incubators are available to rent. They will be rented on a first come-first serve basis.

TRAINING:

We offer a free Embryology training session for educators. Topics include operating incubators, caring for eggs and chicks, managing risk and classroom activities.
