**MU Extension, St. Louis County Annual Dinner**

We invite you to our 2017 Annual Dinner. Dr. Marshall Stewart, Vice Chancellor for Extension and Engagement, will be the keynote speaker.

Dr. Stewart is committed to inclusive, transparent, participation-driven leadership to help MU build vibrant and relevant extension and engagement programs. The **Building Our Future Together** initiative, aimed at creating a model 21st century extension and engagement organization, began with his **Listen and Learn Tour** to build strong relationships throughout the state. In more than 50 meetings, Dr. Stewart met with internal and external audiences to gather ideas and concerns about extension's future. The tour complements a comprehensive statewide needs assessment that involved structured Community Conversations across the state, quantitative surveys and a third-party independent review to assess MU Extension's impact and to identify strengths, opportunities and areas for improvement.

Come and be a part of MU Extension. We will be honoring constituents with partner recognition awards, displaying some of the work we continue to provide Saint Louis County residents, networking, and enjoying a delicious buffet dinner.
