## The Vision and Mission of University of Missouri Extension

**Vision:** University of Missouri Extension is a valued and trusted educational solution to improve the quality of life in Missouri, the nation and the world.

**Mission:** Our distinct land-grant mission is to improve lives, communities and economies by producing relevant, reliable and responsive educational strategies that enhance access to the resources and research of the University of Missouri, based on local needs.

**The Reality:** Due to public opposition to taxes, traditional federal, state and county funding sources no longer cover the cost of services and the increasing public demand for MU Extension educational programming and expertise in Webster County. As a result, more private and business donations, fees, and grants must be added to our funding mix to sustain the programs that serve you.

That's where you can help. Your passion for helping others can be multiplied many times over by your contribution to Webster County Extension. We can leverage your donations with other federal, state and county resources to get a dramatically larger benefit to the county with your contributions.
