Dr. Ira George Hubbell Jr. practiced Anesthesiology at Boone Hospital, Regional Hospital, and remained on the teaching staff at the University of Missouri in Columbia until his retirement. Dr. Hubbell was a Missouri Tiger. Stop by Boone Hospital to visit his statue on the west side outside the garden gate.

Dr. Hubbell measured success on what he could do for others, not accumulations or accolades. Dr. Hubbell loved his farm and cattle. Dr. Hubbell lived a life of service to children. His donation to the Boone County 4H Foundation was designed to support education in the fields of nursing, engineering and computer science. Dr. Hubbell will long be remembered for his work ethic, community giving, and kind heart.

As you complete the scholarship application, remember that he too was once a young person. He had no idea of the kind of future he could build. Remember his life choices as you build your life, and know that your future is in your own hands. If you receive this scholarship, it will help you financially. If you also learn from what Dr. Hubbell taught, you will really be a winner. Get an education, work hard, and pass along your talents to help others as well.
