

Food Stand Expectations/Guidelines

- Dress code – when possible, wear a 4-H shirt and preferably closed-toe shoes.
- Jr. Leaders are expected to work with their primary clubs.
- Tips policy – The food stand committee agrees to a *no tips policy* – any extra money goes in as a donation to 4-H. The reasoning behind this is we're not teaching kids to work for tips but work for a purpose.

While working – remember to sign in (there will be a sheet outside and one inside)

- ADULTS:
 - Assign youth areas to work.
 - Adults only at cashbox.
 - Help keep youth on task, reminding them of their duties and how they should portray themselves.

 - When delivering the meal ask if they need anything and be sure to get it.
 - About halfway through the meal, ask if they would like anything else like a Daddy Bar for dessert.
 - Thank them for their business and ask if you can clean up if they're through.
 - You can take another order while you wait but be sure to listen for your name to be called for the previous order.

You'll also have a chance to learn –

- how to work the fryer
- how to make grilled cheese (the 4-H way)
 - how to assemble a 4-H combo
- and how much goes on an Italian beef sandwich.

4-H youth come and learn how to greet customers, take orders and learn duties in the food stand.

This is also the time for clubs to send the adults that will be taking care of the cashbox. Ask questions, go over the reconciliation page and become familiar with the process.
