

Thank you for your interest in 4-H!

4-H is one of the largest youth organizations in the United States, and is sponsored in Missouri by University of Missouri Extension, with county, state and federal funding. The goal of 4-H is to assist youth in acquiring knowledge, developing life skills, and forming attitudes that will enable them to become self-directed, productive members of society.

There are a few tips I like to share with prospective 4-H families. First of all, pick up a copy of the **4-H Clover**. It's a multi-color, slick publication. It tells about all the great things 4-H has to offer. Also pick up a list of "**Where and When 4-H Clubs Meet.**"

A good fit between your family and the 4-H Club you choose is important for your child's success in 4-H. There are many clubs in Clinton County 4-H, and just like any family, they're all different, they all have individual strengths and priorities. Here are some things to think about when deciding on a club to visit:

- Is your child outgoing or more introverted? Some clubs are large, others are small.
- Which would your child like best?
- What projects does he or she want to learn about?
- Is it important to your child that there are other children his/her age in the club? If so, ask club representatives about the ages and genders of their members.
- What days and times are convenient for your family to attend club meetings?

Then take time to contact club leaders of the clubs you want to know more about. Consider asking these questions:

- When does your 4-H Club meet, and where?
- How many members are in your 4-H Club and what are their ages? Are there more older or younger youth? More boys or girls?
- Does your club have a great project leader for \_\_\_\_\_ (insert the projects your child is interested in), who starts project meetings early in the year and holds them regularly?
- What do think are the strengths of your club?

more information on back side...

After you've talked to several clubs that you think might be a good fit for your family, take the time to visit the club meetings of several clubs as soon as possible. Take a minute to reflect on your visit and consider these things:

- Were you greeted and made to feel welcome at the meeting?
- Did others introduce themselves to you, and were you introduced to the group?
- Did someone take time to answer your questions?
- Consider the business meeting you'll likely see... are the youth officers conducting the meeting? Is there a fair balance of youth leadership and adult support?
- What is the tone of the meeting? Does it seem to be a positive, encouraging atmosphere for youth?

Considering these points and others that you may be thinking about already, will help you and your child make an informed decision on which club to join. And, if you know of 5-10 youth who are interested in 4-H, there is always the option of starting a NEW 4-H Club! It's easy to do, and new clubs are always welcome!

Again, thank you for your interest in 4-H. Please feel free to contact me at 816-539-3765 or email [steiners@missouri.edu](mailto:steiners@missouri.edu), if you have further questions or would like more information about what 4-H has to offer.

Sincerely,

*Debbie Davis*
