Dear 4-H Families,

I know that I have shared this with you before, but I think in light of all that is going on in our nation, that it is so important, that I would like to share it with you again. Our freedom is so important that we must never forget it or take it for granted.

As we have that picnic or family gathering and watch or shoot off those fireworks let us not forget what all of those activities represent. That just the mere privilege to gather as a group or family and for the most part not be in danger of the government or police invading our gathering. We also, must never forget what those fireworks represent and remember the battles that were fought and are being fought so that we can enjoy those displays here. Those freedoms have been earned by many, many sacrifices of others, just so we can enjoy our way of life.

Let's not forget about Independence Day on the 4<sup>th</sup> or take for granted our freedom, for if we do, then we might be in danger of losing our rights to have those freedoms all together.

So, once again I will share with you my favorite Independence Day poem that I learned for a 4-H Club Meeting when I was 10 years old.

**Whenever I Say "America"**

**By Nancy Byrd Turner**

Whenever I say "America" I say so many things! – Something shouts in the syllables, Something echoes and sings. Maybe it's hope, maybe its pride, Maybe it's only love, Maybe it's just a kind of hail To the flag that flies above, The flag that flies so broad and bright From dawn to setting sun, And takes the wind and takes the light The flag our fathers won!	Whenever I say "America" Old pictures come to me Of lone prows pushing slowly on Across the storm yeas; Of men and women who knew not rest, Toiling with heart and hand; Of covered wagons rocking west Into an unknown land; Of freemen striving, striving still In freedom's old, hard way... Whenever I say "America" So many things I say!
--	---

Please don't forget about our freedom when you are celebrating our Independence this month and don't forget to say something positive about America.

Have a great July!

The Dade County Extension Office is now fully staffed and operational. The guidelines implemented by the University of Missouri Extension are no restrictions on group size, but time spent in crowded areas should be minimized. Social distancing may be reduced. If you have any questions or concerns, please call the office 417-637-2112 or email us at [mcnaryrl@missouri.edu](mailto:mcnaryrl@missouri.edu) or [dadeco@missouri.edu](mailto:dadeco@missouri.edu)

## **Special Notes:**

**Regional Achievement Day** – Regional Achievement Day has been cancelled.

**Ozark Empire Fair** - Since there is going to be a lower number of exhibits at OEF, ALL projects that received a blue ribbon on their small exhibit at the Dade County Achievement Day are eligible for the OEF. Clover Kids are eligible to display two project per clover kid. The projects will need to be at the extension office by Monday, July 27. Demonstrations have been cancelled for the OEF. Let me know if you have any questions.

**Missouri State Fair** – With expected number of building exhibits in the 4-H Building at the Missouri State Fair, it has been decided to allow each eligible member to exhibit up to three items. When the judging at the OEF is completed we will contact you to see which exhibits you want to send on to state. As with the OEF the State Fair has cancelled all **in person demonstrations**. However, the State Fair has offered to allow counties to have virtual demonstrations submitted for viewing at state. Let me know if you have any questions.

## **Please Complete the Mandatory 4HOnline Core Volunteer Orientation**

Unfortunate circumstances mean many of our volunteer groups cannot get together. This is surely frustrating as you are itching to get back into the swing of 4-H. **If you have not yet done so, please complete the 2020 4HOnline Volunteer Orientation.** This new orientation covers many updates to Missouri 4-H that were not covered in previous versions. **All 4-H volunteers must complete the 4HOnline 2020 Core Volunteer Orientation.** More than half of you have. We still have a long way to go. Thank you for your diligence! If you are unsure if you have completed the training, contact your local Extension office. **Internet Reliability an Issue?** Talk to your local 4-H staff to learn about “offline” options to complete this important training.

## **Attendance Reporting**

Please remember to record all attendance in the secretary book so that it can be reported to the State at the end of the year.

### 2020 Livestock Judging

**Saturday, September 12, 2020 | University of Missouri – Columbia**

Evaluation of livestock is an exciting and thought-provoking experience. The ultimate goal of livestock judging is to compare your perception of an animal against the ideal and then to contrast your opinion with that of another individual or group of individuals. The basic level of livestock judging consists of two primary components: 1) the placing of animals; and 2) orally justifying your decision (reasons). These activities expose you to more than just livestock judging, in addition to that you learn team work, effective communication skills, analytical thinking and aides you in gaining confidence to defend your decisions.

**Registration will open July 1 and close August 15. Stay tuned for details.**

### Annual 4-H Shooting Sports Calendar/Raffle

Each year, 4-H shooting sports partners with Missouri Friends of the NRA State Committee to sell raffle tickets that come with a Missouri Shooting Sports Calendar. These raffle tickets allow the purchaser to participate in weekly drawings. [For more information...](#)

### Missouri Bicentennial Poster Contest

As you know, next year Missouri celebrates our state's 200<sup>th</sup> anniversary. The Missouri Bicentennial Commission is having a poster contest to help design four different Missouri Bicentennial posters. The contest is open to elementary school students (grades 3–6) and secondary school students (grades 7–12) within Missouri's 114 counties, as well as the independent City of St. Louis. A student's grade level for the 2019–2020 school year will determine his/her eligibility and judging category.

**Students MUST have a sponsor to submit their poster.** The good news is all 4-H clubs can sponsor up to four people – two from the elementary grades (3-6) and two from the secondary grades (7-12).

The individual clubs can do this in several ways ... the individual club could make it a club project or perhaps run a local competition either alone or in partnership with other organizations in the community, select from the entries, and send those in OR if there is an enterprising young person who just really wants to submit an entry, a 4-H club is welcome to sponsor that entry.

Find the details to the contest and submission details, go [here](#).

### Conservation Leadership Corps

The Conservation Federation of Missouri is now accepting applications to their premier youth program, the Conservation Leadership Corps. Since its inception in 2002, the program has helped to grow and develop young conservation leaders. You may now know some of the program's graduates in the professional world. They work for many of the state and federal conservation agencies, non-profits, public schools, and are conservation-minded members of society. If you know of a young person that will be a junior in high school through junior in college, is conservation-minded and enjoys the outdoors, please forward them [this information](#). Applications are due by July 10th. Students can apply [online](#).

### Missouri 4-H Calendars

At [4h.missouri.edu](http://4h.missouri.edu), you will find an icon that looks like this one. Click it and it will take you to the Missouri 4-H Google Calendar. You can add it to your own Google Calendar! Remember, these are *state* dates only. Your county will have its own calendar.

# Clover Kids Corner

Through Clover Kids clubs, children learn how to get along, share, and work in groups, explore their interests, and build self-confidence. Each Clover Kids Corner provides an activity, information or other materials that Clover Kids leaders can use in planning and implementing experiences that introduce five to seven-year olds to the 4-H concept of learning by doing.
