

Missouri 4-H
 University of Missouri
 4-H Center for Youth Development

This is a sample report – We wouldn't expect everyone to have their report this full. The items in yellow boxes are just comments to help you.

4-H Project Record

Please complete both sides of this form for **each** project at the completion of the project year. For use with all projects **including** animal projects.

A story is to be submitted with the 4-H Project Record. (A one page story accompanied by two pages of pictures may help in describing your project.) If forms Y2000, Y2100 or Y2200 are submitted, a story is not necessary.

See the sample 4-H Story and suggested guidelines. The Y2--0 Forms are the Missouri Recognition Forms.

Goal Setting

| Project Goals (What would I like to learn this year?) | Date Accomplished/Comments |
|--|---|
| 1. Learn about digital cameras | 1/2010 – we got to try out everyone's digital camera |
| 2. Learn how to take better pictures with the flash. | 2/2010 – we visited a professional photography studio |
| 3. Make a photo scrap book. | 7/2010 – for the fair |
| Overall 4-H Goals (What would I like to learn this year?) | |
| 1. Do a service project for senior citizens with my club | Not accomplished – (hopefully next year!) |
| 2. Attend 4-H Day camp (or you could list "Be a club officer") | 6/2010 |
| 3. Learn Cake Decorating (or you could list "Get new members in our club") | 4/2010-6/2010 |

This section is only about the project – ie Photography.

This section is about other projects, and activities in 4-H.

Learning and Leadership Experiences

List your learning and leadership experiences **in the project area** and tell what you have learned. Designate level of participation with the appropriate letter: Local or club (L), County (C), Regional (R), State (S)

| Experience | What was learned | Level |
|-----------------------------|--|-------|
| Attend Project Meetings | We learned about different types of cameras, how to take pictures from different angles, and how to download pictures and edit them. | L |
| Achievement Night | I gave a speech about different digital cameras. I learned that you have to practice a lot to not need notes for a speech. | C |
| Fair Conference Judging | I talked to the judge about my photos. She suggested I think my about using framing for my photos next year. | C |
| Teen Extravaganza (lock-in) | We did a photo scavenger hunt. I volunteered to teach others how to use the digital cameras. I learned that I like teaching others. | R |
| Field trip | We visited a local professional photography studio. I learned about the science of developing photos. | L |
| Photo Corps (state team) | I submitted an application for the state team- I wasn't selected, but next year I will submit a better photo. | S |

Knowledge and Skills

What specific knowledge and skills did you learn **in your project**? Include what you learned from mistakes. How can you use what you have learned in your life?

| Knowledge and Skills | How can you use the Knowledge and Skills? |
|---|---|
| Some things to look for when buying a digital camera are: optical zoom (not digital) and cost of the batteries. | The cost of cameras varies. I can use my knowledge to help my family buy the right camera. |
| When giving a speech, you should review what you said in the conclusion and remember to ask for questions. | I will be prepared to give a speech at school next year. |
| There is special glue that is acid free that keeps printed photos from changing color over time. | I'll use this glue to keep photos safe. I'll look for other 'acid free' things like paper and stickers too. |
| When figuring out how much scrap books are worth, I found out that some people charge \$25 per page! | I could start my own scrap book business! |

Information about Project or Animals

List items made or animals used in this project

| Name of Item or Animal ID | Specifics such as size of item, sex and weight of animal | Estimated hours spent with items or animals | Something that you learned from this project that was not listed as a goal on the front page |
|---------------------------|--|---|--|
| Me in 2009 | 12 page book of events from last year | 5 | It takes a very long time to make a whole scrap book |
| My Dog Russ | Photos of my dog | 1 | If I play with my dog for a while first, he sits still better for photos afterward. |
| "Our House" | Photos of our house in black, white with blue door | 1 | This computer program works like the 'paint' program, except more features. |
| "Different Cameras" | 5 minute speech about digital cameras. | 4 | I need to plan more time for practice next time. |

Financial Summary

Costs involved with your project work should be included here. Include expenses such as far feed, and breeding fees, etc. Also include incomes from sale of items or animals.

We don't usually sell our projects, but you **COULD** research and include what they would be worth, if you did sell them.
