## **Beef Members - Steer Weigh-In is Saturday, March 9**

**Weigh-In will be from 9:00 a.m.-10:30 a.m.**

at SEMO Livestock Auction Barn. (formerly Fruitland Livestock Sales) *ALL steers must be weighed-in to be eligible* for the East Perry Fair and/or SEMO District Fair Steer Show & Sales in September. Bring \$1 cash per steer for the tag. Nose prints for the Missouri State Fair will be taken at steer weigh in. The youth must tell the volunteers at the chute to take a nose print when the steers are tagged.

For SEMO District Fair, each youth will be able to weigh in 4 steers total. Steers can be designated in an individual's name or under immediate family name. This is so families with multiple children weighing in multiple steers do not HAVE to pick which child will show/sell which steer in March. If a steer is designated under the family name at weigh in, the steer must be designated in one youth's name at fair entry time in August. 4-H & FFA youth are able to show two steers but sell only one.

STATE FAIR—Steer ownership deadline to exhibit is March 1. Nose prints are required and due to the state fair office March 15.

NOTE: Youth need to be enrolled in 4Honline in the Beef project and dues paid by Steer Weigh-In.

**4-H is a “learn-by-doing” program for kids . . . and adults.**

If you have current project books you can trade them in for half price at our Perry County Extension Office when you order new books.

## **Clover Kids Corner - Crazy Crayons**

When heat is applied to a crayon, it begins to melt. When crayons are chopped into small pieces and baked, kids are able to combine different colors to make their own crazy color combinations.

### **Supplies Needed:**

- A knife
- Crayons (a good way to get rid of old pieces of crayon)
- Mini-cake tins or any type of mold that come in different designs

### **Steps:**

1. Parents or leaders can chop up the crayons into small pieces (pea-sized). The crayons can be kept in separate colors so the kids can mix the colors by themselves.
2. Preheat the oven to 150°.
3. The kids can mix the different colors of crayons and place them in the design they want by arranging them in the tin.
4. Bake until the waxes have melted, about 15 to 20 minutes.
5. After the wax has cooled, the shapes can be removed from the mold. If the crayon doesn't come out, stick the tray in the freezer for an hour and the crayons will release.
6. Now it is time to draw a picture with your brand new crayons!

*Animal Science Center, University of Missouri, Columbia, MO*

The primary objective of the Hippology Contest is to provide an opportunity for youth enrolled in a 4-H Horse projects to demonstrate their horse knowledge. Hippology has four (4) phases: examination, station, judging and team problems. More info at: <http://www.4h.missouri.edu/horses/state-horse-bowl>
