

# Missouri Agricultural Extension Professionals

MAEP is affiliated with the National Association of County Agricultural Agents (NACAA) professional Extension organization. Together, we all make Extension and agriculture stronger. Membership is a great way to be connected to your peers and to develop professionally. NACAA is geared toward Extension educators and other professionals who work in agriculture, horticulture, forestry and natural resources, 4-H youth development, community development, administration, aquaculture and Sea Grant, and related disciplines.

## To become a member:

Complete this membership application and return to the MAEP treasurer.
