

We are excited to be able to offer online trainings in the 4HOnline that are specific to our Missouri 4-H program. In order to complete an optional or required training (such as Volunteer Orientation for adults), you will follow the steps below. Each training that is developed will have its own set of requirements and may be offered only to youth, adults, or to both. If you successfully complete a training in a face-to-face session, your regional 4-H faculty will be able to provide you with credit for completion inside of the system. These instructions also provide you with the instructions to print certificates of your completed trainings.

- 1) Log-in to a family 4HOnline account.
- 2) Click Edit/Log-In next to the member to sign up for training.
- 3) Click the "Trainings" link at the top of the page under the member name.
- 4) Click Sign Up for a Training.

**Note: If you have previously started a training and need to continue to complete the training, you will need to click Edit/View to see the screen as it is on the right.

- 5) Select the Training you would like to take.

Your Trainings Completed or In Progress Step 4 → Sign Up for a Training

Trainings Completed or In Progress			
Training	Type	Status	Edit / View
Adult Volunteer Training	Adult Volunteer	Incomplete	Edit / View

- 6) Click on the Training name link under "Take the Course". The course content will open in a pop up screen. Make sure your pop-up blocker is not enabled as this will open in a new window.

Missouri 4-H Volunteer Orientation

This one-time requirement helps new 4-H youth volunteer applicants understand the depth and breadth of the Missouri 4-H Program. Check with county 4-H staff on in-person training options as we believe that is the best format. After you have successfully completed a face-to-face training, your local faculty/staff will confirm your attendance or the 4HOnline system will automatically record your completion of the online version.
