

Skill-a-Thon

Cake Decorating

Cake of Color

Supplies Needed

White cupcakes, white icing divided into equal number of small cups; spoons and knives; red, blue, green and yellow food coloring

Note: The color wheel is also available on the back cover of the *Palette of Fun Arts and Crafts Helpers Guide LG3100*.

Situation

You are in charge of refreshments for the next 4-H meeting and you have made cupcakes. You only have white frosting and want to make a variety of colors for the frosting on the cupcakes.

Task

Demonstrate how to make one of the colors for icing to go on the top of the cupcake.

Directions

Pick a color from the color wheel. Using one drop of food coloring at a time, add the correct combination of colors to match the color you chose on the color wheel for your cup of icing.

When finished, spread your icing on one of the cupcakes. Enjoy!

Note: The color wheel is also available on the back cover of the *Palette of Fun Arts and Crafts Helpers Guide LG3100*.
