

## Service-Learning Workshop Activity I

Print, cut apart, and use the following phrases to use with Activity I of the Service-Learning workshop. Have the session split into groups of 4 or 5 members. To practice what we have just learned, please place the different activities into the categories of community service or service-learning. Allow several minutes for the groups to complete this task. Once everyone is finished, ask the groups to share what activities they put into each category and why. A key is provided below.

Key:

### Community Service

- Hosting a food drive
- Picking up trash along a road
- Singing at a nursing home
- Reading to elementary students at a local school

### Service Learning

- Learning about the environment and American history by planting a Liberty Tree
- Learning about healthy living by offering cooking classes at the community center
- Becoming informed of the impacts of natural disasters and hosting a disaster preparedness session
- Promote agriculture and explain where food comes from by hosting a “from the farm to you” event

# Community Service

## Service Learning

- Hosting a food drive
- Picking up trash along a road
- Singing at a nursing home

- Reading to elementary students at a local school
- Learning about the environment and American history by planting a Liberty Tree
- Learning about healthy living by offering cooking classes at the community center
